

Declaration of conformity

within the meaning of the EC-Directive 2014/34/EU and

Declaration of incorporation

within the meaning of the EC Machinery Directive 2006/42/EC, Appendix II B for partly completed machinery

We hereby declare that the conception and design of the

Device	Silo-, Redler-outlet gate, pneumatically operated, lifting cylinder		
	15..775/ATEX	up to	30..775/ATEX
Article	15..7751/ATEX	up to	30..7751/ATEX
	15..785/ATEX	up to	30..785/ATEX
	15..7851/ATEX	up to	30..7851/ATEX
Function	Shutting off bulk materials in “free fall”		
Year of manufacture	as from 2026		

in the version brought by us onto the market is intended for installation in a machine, or for assembly together with other machines. It conforms to the regulations of the EC-Directive 2014/34/EU, and EC Machinery Directive 2006/42/EU, appendix II, B for partly completed machinery.

The partly completed machinery in the completely into the installation integrated version can be operated in normal mode inside of zone 22.

The operating manual is on hand.

Area of application: Group II, category 3 D zone 22

Ex-marking:

⊕ II 3 D c T 130°C

Advice:

The bringing into service is not allowed until it is asserted that the entirety of machine and partly completed machine together with the surrounding area conforms to the regulations of this machinery directive.

The special technical documents according to annex VII, part B, of the machinery directive 2006/42/EC, for partly completed machinery, will be transmitted by mail, in response to a reasonable request by individual states authorities.
