Boost your impression of NORO GmbH. More information about our company, current news, price lists etc. are available on our website.

## 2D/3D CAD-download portal

We also present our Online CAD Portal on our homepage. We have managed to make our entire product range available to you in 3D design in cooperation with CADENAS. In addition we offer you the possibility of storing the representations as CAD drawings in all conventional formats and of using them for your planning data.

## NORO Gesellschaft für Rohrsysteme mbH

We are a medium-sized company which deals with the manufacture and the worldwide sales of modular pipeline and distribution systems for aspiration and bulk material lines.

Our wide and high-quality product range includes a standard range of pipes, mouldings and distribution systems made from steel and stainless steel as well as associated pipe connection elements.

To meet your requirements in the best possible way and to respond to your needs and wishes we will be happy to advise you.

We do not only want to satisfy you. We fully want to convince you of NORO GmbH!
